UNITED STATES DISTRICT COURT  
WESTERN DISTRICT OF WASHINGTON  
AT SEATTLE

PACIFIC BIOSCIENCE  
LABORATORIES, INC., a Washington  
corporation,

Plaintiff,

v.

KOREAN BEAUTY CO., LTD., a Korean  
corporation,

Defendant.

No.

COMPLAINT FOR PATENT  
INFRINGEMENT

**JURY DEMAND**

Plaintiff Pacific Bioscience Laboratories, Inc. (“PBL”), for its Complaint for Patent Infringement against Defendant Korean Beauty Co., Ltd., (“Korean Beauty”), hereby alleges, by and through its attorney, on personal knowledge as to its own actions and on information and belief as to the actions of others, as follows:

**I. INTRODUCTION**

1. Plaintiff PBL dramatically changed the market for skin cleansing products when it introduced its innovative Clarisonic Sonic Skin Cleansing System (the “Clarisonic System”) in 2004. The Clarisonic System employs motion and forces at sonic frequencies to cleanse, soften, and smooth skin.

1 2. Prior to the introduction of the Clarisonic System, there were no sonic facial  
2 cleansing devices on the market. PBL created today's market for such products.  
3

4 3. The Clarisonic System has been an enormous success and has achieved national  
5 recognition and awards. In 2010, PBL was named one of Inc. 500's Fastest Growing Private  
6 Companies.  
7  
8

9 4. PBL received broad protection for its innovations, including utility and design  
10 patents. However, PBL's innovations have been the subject of widespread imitation by others,  
11 who have attempted to capitalize on PBL's success.  
12

13 5. Defendant Korean Beauty is one such imitator. After seeing PBL's success,  
14 Korean Beauty introduced its Korean Beauty facial cleansing brush head system ("Korean  
15 Beauty Brush Head System"). Korean Beauty has made the Korean Beauty Brush Head System  
16 work like PBL's products, thereby infringing PBL's patent.  
17  
18

19 6. Korean Beauty sells or has sold the Korean Beauty Brush Head System  
20 throughout the United States at least through Amazon.com, [http://www.amazon.com](http://www.amazon.com/Korean-Beauty-Cleansing-Foundation-Batteries/dp/B00HMHI3AS)  
21 /Korean-Beauty-Cleansing-Foundation-Batteries/dp/B00HMHI3AS.  
22  
23

24 7. PBL seeks to stop Korean Beauty's infringing conduct and obtain compensation  
25 for the violations that have occurred thus far.  
26  
27

## 28 II. PARTIES

29 8. Plaintiff PBL is a Washington corporation incorporated in January 2001, with its  
30 principal place of business at 17275 NE 67th Court, Redmond, WA 98052.  
31

32 9. In December 2011, PBL was acquired by L'Oréal S.A., a French société anonyme  
33 ("L'Oréal"). L'Oréal is the owner, and PBL is the exclusive U.S. licensee with the right, inter  
34 alia, to bring suit, of protectable patent rights as described herein.  
35  
36

37 10. On information and belief, Korean Beauty Co., Ltd., is a corporation organized  
38 and existing under the laws of Korea with its principal place of business at 10 F, Pluszone Bldg  
39 700, Deungchon-Dong, Gangseo-Gu, Seoul, Korea.

46  
47  
48  
49  
50  
51

1           11.     On information and belief, Korean Beauty manufactures, markets, and sells  
2 electric skin care devices under the name Korean Beauty.  
3

4  
5                                   **III.     JURISDICTION AND VENUE**

6           12.     This case arises under the patent laws of the United States, 35 U.S.C. § 101 et seq.  
7

8           13.     The Court has subject matter jurisdiction over this case pursuant to 28 U.S.C.  
9 §§ 1331, 1332, and 1338.  
10

11           14.     PBL has its principal place of business in this District, and makes its Clarisonic  
12 devices available for sale in this District.  
13

14           15.     This Court has personal jurisdiction over Korean Beauty because, on information  
15 and belief, Korean Beauty has committed and continues to commit the acts violating PBL's  
16 intellectual property described herein within the State of Washington, including in this District,  
17 and places infringing products into the stream of commerce, with the knowledge or  
18 understanding that such products are sold in the State of Washington, including in this District.  
19

20           16.     Venue is proper in this District pursuant to 28 U.S.C. § 1391(b), (c), and 28  
21 U.S.C. § 1400(b) because, *inter alia*, PBL's principal place of business is within this District and  
22 PBL suffered harm in this District, because a substantial part of the events giving rise to the  
23 claims against Korean Beauty occurred and are occurring in this District, and because Korean  
24 Beauty transacts business within this District and offers for sale in this District products that  
25 infringe PBL's intellectual property.  
26

27                                   **IV.     BACKGROUND**

28           17.     Since the early 2000s, PBL has designed, developed, manufactured, marketed,  
29 and sold in the United States (and worldwide) its innovative Clarisonic System, which is a line of  
30 skin care products including a number of Sonic Cleansing Brushes and accessories, the  
31 Clarisonic Opal® Sonic Infusion System, and targeted treatment solutions. Examples of  
32 Clarisonic products are pictured below:

18. The Clarisonic System was developed by PBL over many years at great expense and effort and represents a breakthrough in devices and methods for treatment of early stage acne and for effective cleansing of skin. Those devices and methods employ motion and forces at sonic frequencies to cleanse, soften, and smooth skin. They alleviate clogged pores and remove debris from skin more gently and effectively than alternative devices or methods, such as manual cleansing.

19. The innovations embodied in the Clarisonic System are protected by numerous United States and foreign intellectual property rights, including rights deriving from patents.

20. Prior to the introduction of the Clarisonic System, there were no sonic facial cleansing devices on the market. Indeed, before development of the Clarisonic System, no market existed for sonic skin care devices. PBL expended considerable resources to create the sonic skin care market and to educate the public regarding facial cleansing, as well as to market its sonic facial cleansing devices.

21. Since its introduction, the Clarisonic System has become widely acclaimed by professionals and consumers, and has garnered many media awards from sources such as authoritative magazines in the beauty industry, Oprah's Favorite Things in 2007 on the Oprah

1 Winfrey Show, Best of Sephora in 2007 and 2008, and QVC Customer Choice in 2008, 2009,  
2 and 2010.  
3

4 22. The success of the Clarisonic System has spurred a large number of imitations,  
5 such as the Korean Beauty Brush Head System, pictured below.

22  
23

24 31. Korean Beauty's infringement of the '691 patent has been and will continue to be

28 infringement.  
29  
30  
31  
32  
33

34 32. Korean Beauty's infringement of the '691 patent has caused and will continue to  
35 cause PBL substantial and irreparable injury, for which PBL is entitled to all of the relief  
36 provided by 35 U.S.C. §§ 281, 283, 284, and 285, including but not limited to injunctive relief,  
37 compensatory damages not less than the amount of a reasonable royalty, interest, costs, enhanced  
38 damages, and reasonable attorney's fees, as the court deems just and appropriate.

41  
42  
43  
44
