UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF WASHINGTON
AT SEATTLE

PACIFIC BIOSCIENCE
LABORATORIES, INC., a Washington
corporation,

Plaintiff,

v.

RN VENTURES LTD., a United Kingdom
corporation,

Defendant.

No.

COMPLAINT FOR PATENT
INFRINGEMENT

JURY DEMAND

Plaintiff Pacific Bioscience Laboratories, Inc. (“PBL”), for its Complaint for Patent Infringement against Defendant RN Ventures Ltd., (“RN Ventures”), hereby alleges, by and through its attorney, on personal knowledge as to its own actions and on information and belief as to the actions of others, as follows:

I. INTRODUCTION

1. Plaintiff PBL dramatically changed the market for skin cleansing products when it introduced its innovative Clarisonic Sonic Skin Cleansing System (the “Clarisonic System”) in 2004. The Clarisonic System employs motion and forces at sonic frequencies to cleanse, soften, and smooth skin.

1 10. On information and belief, RN Ventures Ltd. is a corporation organized and
2 existing under the laws of the United Kingdom with its principal place of business at Francis
3 House, 10 Francis Street, London SW1P 1DE, United Kingdom.
4

5
6 11. On information and belief, RN Ventures manufactures, markets, and sells electric
7 skin care devices under the name Magnitone Pulsar.
8
9

10
11 **III. JURISDICTION AND VENUE**
12

13 12. This case arises under the patent laws of the United States, 35 U.S.C. § 101 et seq.
14

15 13. The Court has subject matter jurisdiction over this case pursuant to 28 U.S.C.
16 §§ 1331, 1332, and 1338.
17

18 14. PBL has its principal place of business in this District, and makes its Clarisonic
19 devices available for sale in this District.
20
21

22 15. This Court has personal jurisdiction over RN Ventures because, on information
23 and belief, RN Ventures has committed and continues to commit the acts violating PBL's
24 intellectual property described herein within the State of Washington, including in this District,
25 and places infringing products into the stream of commerce, with the knowledge or
26 understanding that such products are sold in the State of Washington, including in this District.
27
28
29
30
31

32 16. Venue is proper in this District pursuant to 28 U.S.C. § 1391(b), (c), and 28
33 U.S.C. § 1400(b) because, *inter alia*, PBL's principal place of business is within this District and
34 PBL suffered harm in this District, because a substantial part of the events giving rise to the
35 claims against RN Ventures occurred and are occurring in this District, and because RN
36 Ventures transacts business within this District and offers for sale in this District products that
37 infringe PBL's intellectual property.

45 **IV. BACKGROUND**
46

47 17. Since the early 2000s, PBL has designed, developed, manufactured, marketed,
48 and sold in the United States (and worldwide) its innovative Clarisonic System, which is a line of
49 skin care products including a number of Sonic Cleansing Brushes and accessories, the

18. The Clarisonic System was developed by PBL over many years at great expense and effort and represents a breakthrough in devices and methods for treatment of early stage acne and for effective cleansing of skin. Those devices and methods employ motion and forces at sonic frequencies to cleanse, soften, and smooth skin. They alleviate clogged pores and remove debris from skin more gently and effectively than alternative devices or methods, such as manual cleansing.

19. The innovations embodied in the Clarisonic System are protected by numerous United States and foreign intellectual property rights, including rights deriving from patents.

20. Prior to the introduction of the Clarisonic System, there were no sonic facial cleansing devices on the market. Indeed, before development of the Clarisonic System, no market existed for sonic skin care devices. PBL expended considerable resources to create the sonic skin care market and to educate the public regarding facial cleansing, as well as to market its sonic facial cleansing devices.

21. Since its introduction, the Clarisonic System has become widely acclaimed by professionals and consumers, and has garnered many media awards from sources such as authoritative magazines in the beauty industry, Oprah's Favorite Things in 2007 on the Oprah

1 Winfrey Show, Best of Sephora in 2007 and 2008, and QVC Customer Choice in 2008, 2009,
2 and 2010.
3

4 22. The success of the Clarisonic System has spurred a large number of imitations,
5 such as RN Ventures' Magnitone Pulsar, pictured below.
