**YOUR CLARISONIC® MI A**

The essential first step in your daily skin care ritual, Clarisonic® Mia is a professional-caliber brush that uses gentle, micro-massage action to cleanse deeply. It gently cleans pores without harsh abrasion or chemicals, cleansing as effectively as a facial treatment.

To achieve the best results from your Clarisonic® Mia:

1. **Wet your skin and brush head.** Wet your skin and brush head with warm water. Liberally apply cleanser to your skin or to the brush head.

2. **Push the on/off button to turn on the Mia.** Gently move the brush using a small, circular motion, beginning at the forehead, then moving to the nose and chin and finally ending at the neck. Your Clarisonic® Mia should shut off after one minute.

3. **Press the on/off button.** To pause the cleansing cycle for up to two minutes, simply press the on/off button.

4. **Detach pLink charger.** After 20 minutes of use, detach pLink charger to the handle as shown. A fully charged Mia gives 20 minutes of use.

**CHARGING**

![Image of the charger](image)

IMPORTANT CAUTIONS AND WARNINGS

If you have a skin condition, such as eczema, or if you think you may have a skin condition, please consult your physician before using the Clarisonic Mia. Refer to our website for more information.

We recommend that you do not share brush heads.

We recommend that you use only one of the Clarisonic cleansers that has been optimized for use with Clarisonic Sonic Cleansing Systems. Do not use oils with jagged exfoliating particles such as shells. Clarisonic brushes may be used with soaped round exfoliating particles. Using oils to remove makeup may drain the batteries, but will not affect performance. If discoloration occurs, clean the brush head with soap and water. This product uses magnets.

CLEANSING

One Speed

One-Year Warranty

Beautiful skin begins with cleaner skin. Cleaner skin begins with Clarisonic.

To keep your Mia in optimum condition, care for it as follows:

Do not put any part of the Mia in a dishwasher.

HANDLE

Once a week remove the brush head and wash the handle using warm soapy water to remove any residue buildup. The handle is sealed and fully waterproof. Never attempt to open the brush handle for any reason.

CHARGER

IMPORTANT: Disposing of the charger then place it with a soft, damp cloth. Do not immerse the charger in water.

BRUSH HEAD

We recommend that the Clarisonic brush head be replaced every 3 months in the handle. The bristles become fatigued and less effective over time. Once a week remove the brush head and wash it with warm soapy water to remove any residue.

To remove the brush head:

1. Push down and twist the head clockwise (like a medicine cap).
2. Pull the head away from the handle.
3. To talk the brush head, push down and twist the head clockwise until it snaps into place. Be sure you heard a tight snap.

TIP: Use the brush head cap to easily remove and attach the brush head with a simple twist.

Once a week remove the brush head with a soft, damp cloth. Do not immerse the charger in water.

Cleansing head:

Clarisonic recommends replacing the Clarisonic brush head every 3 months in the handle. The bristles become fatigued and less effective over time.

Your Clarisonic ® Mia

The essential first step in your daily skin care ritual, Clarisonic Mia is a professional-caliber brush that uses a gentle sonic micro-massage action to cleanse deeply. It gently cleans pores without harsh abrasions or chemicals, cleansing as effectively as when you bathe, shower, and do your hair. The Mia brush is waterproof, allowing you to use it in the shower or bathtub. It’s rechargeable with the included pLink®® charger, allowing it to be used worldwide with the appropriate country converter.

To use your Clarisonic Mia:

Prior to the first use, charge the Clarisonic Mia handle for 24 hours. After that initial 24-hour charge, the Mia can be charged any time it needs charging, as indicated by the charge indicators. Charge Indicators:

- LED flashes while charging
- LED glows solid when fully charged
- LED pulses once if partially charged
- Brush head pulses and LED flashes when ready to be charged
- Brush head pulses twice if fully charged
- Brush head pulses once if partially charged
- LED flashes while charging

To pause the cleansing cycle for up to two minutes, simply press the on/off button.

Charging
Your Clarisonic is rechargeable through the handle, which magnetically attaches to the base as shown. A full charge takes 20 minutes of use.

IMPORTANT SAFEGUARDS

When using electrical products, especially when children are present, basic safety precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USE

DANGER—to reduce the risk of electrocution:

1. Do not operate the Clarisonic Mia in or near water or wet locations. This product is not for immersion or for use in a shower.
2. Do not place the Clarisonic charger or the charger plug into water or other liquid. Charger unit is not for immersion or for use in the shower.
3. Never use a charger plug or charger that has fallen into water. Unplug immediately.

WARNING—To reduce the risk of burns, electrocution, fire, or injury to persons:

1. Close supervision is necessary when this product is used by, on, or near children or physically challenged persons.
2. Keep the cord away from heated surfaces.
3. Never use while sleeping or drowsy.
4. Do not use outdoors or where oxygen is being administered. Never use Mia to remove makeup while sleeping.
5. Use this product only for its intended use as described in this manual.

IMPORTANT CAUTIONS AND WARNINGS

If you are under a doctor’s care for any skin condition or if you think you may have a skin condition, please consult your physician before using the Clarisonic Mia. Do not put any part of the Mia in a dishwasher.

CLEANSING

One Speed

One-Year Warranty

Beautiful skin begins with cleaner skin. Cleaner skin begins with Clarisonic.

1. Use Clarisonic cleansers with the Mia for the best possible results. These are formulated specifically for use with Clarisonic Skin Cleansing Systems. Do not use mia with jagged exfoliating particles as this can damage the bristles.
2. Using mia to remove makeup may stain the bristles, but will not affect performance. If discoloration occurs, clean the brush head with soap and water. The product uses magnets.
3. Adapt the brush head to your skin type. For normal skin, use the Cleasing head. For combination skin, use the Deep cleansing head. For oily skin, use the Deep cleansing head.

One-Speed Setting

The Mia has one speed setting to suit all skin types. The speed setting is capable of removing all kinds of dirt, oil, and makeup.

To get the maximum benefit from mia:
1. Use mia in circular motions. Exfoliating circular movements help to improve blood circulation, and with regular use, may help to reduce the appearance of pores.
2. Use mia for 1-2 minutes per section of the face. The Mia cleanser should be thoroughly worked into the skin over the entire face in circular movements, then rinsed away. For optimal results, use mia 2-5 minutes per day.
3. Use mia for a maximum of 1 minute on the T-zone or nose. The Mia is not intended to replace facial exfoliation techniques or manual cleansing with brushes.

Before the first use:
1. Insert the brush head into the mia handle. Align the 2 slots in the Mia with the 2 tabs in the brush head. Tilt the brush head clockwise (like a medicine cap). Press the brush head firmly, then push and twist it counter-clockwise until it snaps into place. Be sure you hear a tight snap.

To attach:
1. Pull the brush head away from the handle. Place the cap on the brush head. Push down and twist the head clockwise until it snaps into place. Check to make sure it is secured tightly.

To remove:
1. Pull the brush head from the handle and rinse with warm soapy water to remove any residue. We recommend that you start with one of the Clarisonic cleansers included in the Mia box. We recommend that you think you may have a skin condition or if you think you may have a skin condition, please consult your physician before using the Clarisonic Mia. Do not put any part of the Mia in a dishwasher.

BRUSH HEAD

We recommend that the Clarisonic brush head be replaced every 3 months or when the bristles become tired and less effective. Always replace the brush head on the handle and use with warm soapy water to remove any residue.

To remove the brush head: Gently push the head horizontally, then push and twist it counterclockwise like a medicine cap. Pull the head away from the handle.

To attach the brush head: Push the head down and twist the head clockwise until it snaps into place. Be sure you hear a tight snap.

TIP: Use the brush head cap to easily remove and attach the brush head with a simple twist.
